SPEAKER MOORE.

THE HARRISON COUNTY FAR-MER DEFEATS THE COV-INGTON LAWYER.

The Legislature is Now in Session and Ready to Handle the Many Knotty Problems Before It.

Frankfort, Ky., Jan. 1, 1892 .- The caucus and election of the various officers of the Kentucky Legislature is now over and matters have droppel into the usual channels. The most exciting contest was that for Speaker of the House; Harvey Myers, of Covington, who served with distinction two years ago, W. Il. Moore, of Harr son county, and Dr. J. D. Woods, of Warren, were the men who sought the honor of the hands of the Democratic caucus. defeated the Democratic nominess

> 33. Myers moved that Moore's nomination be made unanimous and the motion carried with a whoop. There are no scars left as a result of the fight, all factions are in a good humor and accept the situation as entirely satisfactory. The announcement of the committees by Speaker Moore will be the next interesting episode.

The other caucus nominees are: Green Kellar, Chief Clerk; Jas. E. Stone, Assistant Clerk: John Stowart, Enrolling Clerk; Capt. Bob Tyler, Sergeant-at arms.

There were twelve candidates for Door keeper, and among the number was Capt, Cook, the Kentucky gient, but John C. Mc Whorten, of Jackson county, won the prize.

Clerk Kellar called the House to order at noon, Dec. 30, and 'Squire oath of office to the members. The tormal election of Speaker resulted in 76 votes for Moore, the Democratic nominee, and 17 for Col. Silas Adams, the Republican nominee.

The nomination and election of Hon. John W. Orr attended the after all it is a question whether the ber of tobacco producing counties, did not vote or participate in the ulated. He sees a heap of fun that pared with 1,765 in 1878. It is like-

Hon. J. R. Summers was a Moore man from the start; he also voted for the winner, McWhorten, for Doorkeep. Mr. Summers was for Prof. Furnish, of Lyon county, for enrolling clerk, but he lost.

Mr. O. M. James, of Marion, witnessed the organization of the Legislature. Oilie was a Moore man and rejoiced when the farmer won, but when Capt. Cook went down, Ollie was the most dejected man in Frank-

Hon. J. R. Summers brought Clarence Millican, a bright boy from his county, with him, hoping to secure a page's place for him, but the fates were against him.

The members will not visit their homes as irequently as heretofore, because the new constitution prohibits them from riding on tree passes. So much better for the boarding nouse keeper.

Among the distinguished visitors from Western Kentucky, who came up to see how such things are done. was Hon. L. H. James, of Marion. He is considered one of the best criminal lawyers in the old Gibraltra district, and his name is frequently mentioned in connection with the Commonwealths Attorneyship in his district. It he shou'd ever hold that ffice, or any other which required legal lore, the people who advance him to such stations of honor would never have cause to regret it.

In the House there are 76 Demo crats, and in the Senate 30.

DISASTER RAMPANT IN MANY HID-EOUS FORMS.

Explosions and Collisions, and Millions Dollars' Worth of Property Destroyed by the Same Agencies.

The year 1891 has gone into history and its record is being made up. It cannot be called a memorable year. There was no great war begun or completed, and, strange to say, there was not in all the world a single really great battle. In minor calamities, however, the year was singularly prolific, and there were some disasters of truly appalling magnitude. More space, therefore, is required in this record for the fires, floods, wrecks, collisions and other casualties than for any other class of incidents. Japan stands prominent, and is perhaps the only one that will have a permanent place in history. In the political world South America has been the scene of greatest interest, while all North America has enjoyed profound peace and unparalleled abundance.

THAT IS SAPOLION

It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it-

What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the floors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-besin, the bath-tub, are the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. One cake will prove all we say. Be a clear househoper and try it.
